

Angry carrots swarming
Kohlrabi in revolt
Cabbages in double time
Aiming at my throat

Peas in a peashooter
Locked and loaded now
Aimed at my esophagus
Ready to go Ka-pow!

Cucumbers rolling on the floor
Trying to trip me up
Tomatoes dive bombing from on high
I'm really out of luck.

I like my Hostess Twinkies
Dr. Pepper and Old Moon Pie
Lays potato chips and chocolate
piled really high

Now my time is finally up
I've no more tastes for fun.
Veggies have ganged up on me.
I've nowhere left to run.
